Portfolio : [SunnyKumar](#)

## Certifications

- [Git-Github](#) (29 Sep 2024)
- [Forage](#) - Front-End Software Engineering Job Simulation (22 Dec 2024)
- [Web-Application](#) (13 Jul 2020)

## Internship

- [Indian Oil | Apprenticeship](#) (Mar23-Mar24)  
Completed a 1-year apprenticeship at Indian Oil, where I gained experience in SAP, the CEDM Portal, and payroll processes. Collaborated with the payroll officer, enhancing my skills in data management, process optimization, and teamwork—valuable for web development projects involving corporate systems.
- [Sri Guru Gobind Singh College](#) (May19-Jun19)  
During the period of Internship he was primarily engaged in Computer related Library activities.

## Projects

### Zotoo – Food Delivery App (React ,HTML, CSS, JavaScript) [\[Deployed link\]](#)

- Developed a food delivery application with Firebase authentication for secure user login.
- Integrated a chatbot using Gemini API for customer support and recommendations.
- Implemented minor UI/UX features to enhance user experience and responsiveness.

### Trello Clone (React, HTML, CSS, JavaScript) [\[Deployed link\]](#)

- Built a task management app inspired by Trello with board, list, and task management features.
- Implemented drag-and-drop functionality and persistent storage using localStorage/API integration.
